

SENIOR SITE TECHNICIAN

Salary negotiable depending on experience

Permanent, full-time

CHS Engineering Services Ltd. requires an Electrically Qualified Technician to work at our customers' sites. These duties will include a large element of night work and travelling from our Chelmsford office to our client sites around the UK including but not limited to; Heathrow, Gatwick, Stansted and London City Airport.

Experience and Qualifications

- Applicants must be qualified and experienced in electrical engineering
- Applicants should hold a current ECS card or have the Level 3 qualifications and experience to obtain one
- Additional training on the job will be provided as necessary
- Applicants will be expected to obtain a DBS (CRB) disclosure certificate

Skills

- Good people skills
- Good literacy, numeracy and communication skills
- Able to write detailed reports
- Can work on own initiative
- Can lead and work within a team
- Able to effectively engage directly with clients
- Proficient in Word, Excel and Outlook

Duties will include but are not limited to:

- Technical Audit and Inspection
- Witness testing of handling equipment and controls for functionality and performance
- Factory and Site Acceptance Testing
- Electrical Installation
- Writing Technical Reports

Essential qualities include reliability, motivation, a mature attitude and good work ethic.

Salary is dependent on experience, with good opportunity for progression.

Please send your CV to: michelle.mcdonald@chsservices.com or CHS Engineering Services Ltd, Unit 18 Waterhouse Business Park, 4 Cromar Way, Chelmsford, Essex, CM1 2GL
